*A sample of correspondence received  
December 2015*

---

*Our purpose in publishing a sampling of the correspondence we have received, in the words of Arthur W. Pink:*

“...the time has again arrived for us to indicate to our loyal supporters before the Throne of Grace something of the manner and extent to which the Hearer of prayer has been pleased to grant their requests.”

“Our object in compiling this...feature is to evoke praise and thanksgiving on the part of those who are most deeply interested in this work, by quoting excerpts from some of the letters at hand telling of help and blessing received, under God...”

“Our purpose...is to evoke praise unto the Lord, that in this cloudy and dark day He is still ministering to His own, giving seed to the Sower, and then blessing the same unto the eater. We know not why the mighty God should condescend to use one so feeble and unworthy; sufficient for us that He is pleased to do so. Our longing is to be used more widely, in sending ‘portions’ to a large number of Christ’s scattered and hungry sheep. Will you not pray more definitely, dear reader, that *this* may be so; and that God will graciously fit and furnish the writer.”

---

You have outdone yourself [the article *The Papacy’s Sinister “Green” Agenda*]. Great article that should wake up every reader why they hear about “climate” change all the time from religious groups, politicians at all levels, school systems, and media outlets.

*United States*

How helpful to have this article [*The Papacy’s Sinister “Green” Agenda*] which brings the threads together so clearly. I may have told you I was involved in a New Age Cult for 5 years before the Lord so mercifully saved me from it. I have spent many years making sense of so much I did not understand, and still am seeking to better comprehend the so very subtle network of deception growing around us all like a spider trap. It all fits together quite neatly, it’s just not always easy to see the connections.

It is a very grieving situation to see so many churches and Christians so fast asleep, beguiled by the deceptive brainwash seeking to lull us all. Peace, peace, they say where there is NO peace. All in the name of good, of course!

May the Lord bless you and keep you and thank you so much for your clear sighted articles. They prevent the “I must be crazy” isolation that happens when you are awake and seeing what others cannot, or don’t want to see.

*Unknown (by email)*

I have just completed reading your amazing commentary on the Jesuit Pope's Encyclical [*The Papacy’s Sinister “Green” Agenda*]! It truly is UNBELIEVABLE how the professing “church” has been silenced over the past few decades. You have exposed the whole rotten

Vatican/Jesuit system, in which I was brought up, until the LORD graciously saved me nearly 40 years ago.... May the LORD of Truth keep & bless you, as you expose ANTICHRIST!

*Australia*

Thank you so much for your time and effort in putting this information together [*The Papacy's Sinister "Green" Agenda*], it will be blessed by our God and shall be used by Him to open the eyes of many of His people in these dark days.

Our nation has given way to the Sodomites, our capital city was overrun with them this past weekend. Thank God for His great mercy on the people of Ireland, His long suffering amazes me. My prayer is that many will not only see the whore of Babylon for who she is, but that God in His mercy would open their eyes to who His Beloved Son is.

Shall keep you and your ministry in my prayers.

*Republic of Ireland*

To date, we've listened to 3 out of the 9 CDs in your study of Romans 11 regarding the wrongly taught doctrine of the en-masse conversion of the Jews [*The Fallacy of a Future Mass Jewish Conversion*] held by so many Bible teachers in our day, as well as by commentators and theologians of the past. We make it our practice to listen to each CD twice before proceeding on to the next CD. These first few lessons have proved to be most instructive and the explanation you give is thorough, precise and concise.... We are both being blessed and edified through your studied exposition of this difficult passage in the Scriptures. Lord willing, when we are finished with this series, we hope to purchase your CD series on the book of Revelation.

*United States*

Great article [*The Lunatics Are Running the Asylum*].... How quickly the Western world... has sunk into utter darkness. Christians have never felt so removed since Rome ruled by Pagan leaders and the Pope in the dark ages, and it's maybe even worse now due to the immorality that is widely accepted and pushed through such media that is available everywhere all the time...

*United States*

So glad you have written this [*The Lunatics Are Running the Asylum*].... we would most certainly agree that "The lunatics are running the asylum". I cannot really wait to read it, and will send it out...

*England*

Thank you for the article *The Lunatics Are Running the Asylum*. Great article and so true. I'm passing this on to many friends and family. Our world has truly left reality and entered total insanity. Scary place to live. Our Lord Jesus has to be coming soon. God bless you for this true assessment of what's happening. No one I know has explained it better than you. I commend you.

*United States*

You said it [*The Lunatics Are Running the Asylum*]... I am so glad I was born in 1936 when civilization was more or less normal... thank you for all the hard work you do.

*South Africa*

Absolutely brilliant article [*The Lunatics Are Running the Asylum*]. God bless you there.

*Australia*

The world is indeed a very sad, sad place for believers, in general. In fact, I just read your latest article *The Lunatics Are Running the Asylum*... You did a brilliant, brilliant job. You absolutely nailed what's going on in this fallen, sinful world. The USA is an abominable, disgraceful place and you are so right. I no longer recognize the country I grew up in. I'm still reeling from all that's going on here and so deeply grieved and vexed about it. I'm especially sad to see that many people who profess to know Christ support a lot of this wickedness. It's really a shame. Even though (through God's Word) we were warned that all of this evil was going to ramp up and get worse and worse – yet, when it finally hits, it's truly devastating to witness/experience.

*United States*

It is rare that mainstream TV will put in the forefront an issue for more than 3 days. Cecil [the lion] is one of those issues. It captures the gullible masses. You have the ability to grasp an issue and quickly expose what is false [the article *The Slaying of Cecil: Reflections on What the West has Become*]. The rural Africans survive from day to day and yet are much less brainwashed than the average American.... They would not know that Mugabe decimated that country [Zimbabwe] for 35 years. That is progress to starvation from bountiful crops and managed wildlife.

*United States*

Considering the soon arrival of the Sacerdotal Satanist on Seven Hills, the Papal Pedophile, old Scarlet Harlot, to the US, I wanted to get my hands on your materials as soon as I was made aware of them. The small remnant of Protestantism needs to be made aware of the Man of Sin's deceptions.

*United States*

I'm only a few pages into your book *The Madness of Multiculturalism*. God bless you for what you're making available. How we need the truth in this mad, mad world. Your book "*Holy War*" *Against South Africa* made its way around my church and was such an enlightenment to those who read it. I'll more than likely be ordering more of these as in my elder years getting truth out by giving out books is a ministry for me. You are a great benefit to the body of Christ, Shaun. Thank you for your tenacity for the truth of the word of God.

Yesterday at lunch with my "Christian" neighbors, (evangelical Baptists) I made a statement that only God has the right to take life. I spoke this in reference to the medical profession which is pushing medical assisted suicide (euthanasia). The husband begged to differ with me and said that was his plan when his time comes. I was truly speechless! Caught off guard, and floored that someone who claims to be a believer could assent to such a thing... I'm sick at heart at what's going on and prayer, and trust in Christ, is my only relief in a world that is truly gone mad.

I know you're busy but thank you for taking the time to read this. God bless you and your family as you continue to fight the good fight.

*United States*

Your book *The Madness of Multiculturalism* is the best! No other way to describe it. You've done a masterful job of exposing this dangerous, devastating, political correct ideology, that is bringing chaos and eventual destruction to what is left of western Christian culture and civilization. It's been a plan in the making for a long time: the destruction of Christianity. Thank the Lord the gates of Hell shall not prevail! Jesus Christ reigns... I find few Christians whose eyes and ears are open to vital truth. It's a lonely life. So many have no capacity for this material. My heart aches for the deadness and dullness in churches here.

I'm longing for the Lord's return! It's truly frustrating living in a world of unbelief and indifference. It's truly painful to see the church in such a state of apostasy and apathy. It's judgment on those of us who have had such light (God's word) now turning our backs on Him in favor of evil. God bless you, Shaun, in all you do to educate and further the Kingdom of God. I appreciate you.

*United States*

Read this article as soon as I got it [*600 Years Later: Rome's Revisionist Re-Working of John Huss' Martyrdom*]. Well done. So sad the ignorance of the Bible and history that allows this mass deception. Teaching truth would be deemed hate speech and it is not taught anywhere but in a few Christian homes. Education is mass indoctrination of the Romish and heathen view of the world.

*United States*

Thank you for *600 Years Later: Rome's Revisionist Re-Working of John Huss' Martyrdom*. As you know we had the present Anti-Christ here speaking his poisonous Serpentine doublespeak to the masses who obviously worship him! We are an anti-Christian nation with very little discernment even among those who call themselves Christians. Again, God bless you for all you do for our Lord.

*United States*

I have been reading the testimony of Shaun Willcock. What a wonderful testimony of God's grace at work in [your] life. Since you have been living in a Marxist country for these many years, have you written anything on how a Christian can manage to live under this satanic philosophy? What would you recommend for Christians living in the United States on how they can live under this corrupt system and carry out the Great Commission, since it is obvious we will sooner or later be under total Marxism? We are almost there now with our communist president and communist Democrat party. The Republican party is almost there as well.

*United States*

Thanks for sending the preview on the new book on Hollywood [*Jesuit Hollywood*]. It is remarkable that you can tackle complicated subjects such as the Jesuits and Hollywood. It obviously takes much research... You have a God given talent to reveal the truth.

*United States*

Wow! [The book *Jesuit Hollywood*] arrived just last week and I've already started it and am finding it very factual as usual. It looks like a lot of research has gone into it, again as usual, and I truly hope that many will benefit from it all. It really is quite strange on the surface how the film industry has had those two different influences (very pro-Catholic, then very anti) and I'm sure this will help to explain it all well.

*England*

I just have to say once again how much I appreciate your work in upholding the Gospel and warning and educating the flock. Your hard work has been (and is) such a blessing.... You have NO idea how much the Lord uses you to edify, encourage and comfort the saints of God. I know that your labor is not in vain (Ref. Galatians 6:9; 2 Thess. 3:13). You are very, very appreciated and loved.

*United States*

The article [*Francis and Fidel*] gave a viewpoint that is never really discussed: the disproportionate relationship between the Vatican and Cuba. You are one of the few writers who go beyond the superficial. I always felt that the relationship between the USA and Cuba was strange but I could never pinpoint it. It is an important issue. Thanks.

*United States*

Wow - I am learning so much [from the book *Jesuit Hollywood*]. I was unaware how filthy older movies were.... I thought nudity, sexual deviance, rape, etc. was a late 1960s and 1970s era [phenomenon]. The effects on the nation and Western world from Movies and TV is clear.

*United States*

... thank you for all the messages [on the book of Revelation] so far. It has really been a blessing to my soul and I am more than ever fixed in my conviction that Futurism is an abominable heresy.... Thank you again for all that you put into this ministry. May the Lord richly bless you.

*South Africa*

As always this is very challenging and helpful [the pamphlet *Separation from the World*]. Thank you so much for your serious, sober ministry in a superficial day. What a struggle it is to make sense of SUCH confusion ... Fightings without and fightings within, in weakness kept by grace alone.

*Unknown (by email)*

Thank you for *Separation from the World*. It's a great article and so very true to God's word. I find very, very little interest in the things of our Lord in people today. It's like we speak a different language...

God consciousness is lacking and there's no fear of God today. People seem to have little interest in their souls. I often write letters in giving out the gospel as I can explain things in a clear kind way. You can't fight with a letter, it won't talk back. It just states the truth. In doing

so I've run most of my family off. Some refuse to speak to me or visit me. Yet I have the greatest and most precious message you could ever hear. They don't want it or me! Sometimes it's discouraging and disheartening, and lonely. Paul reminded Timothy not to be ashamed of the Gospel or feel shame if you are rejected for giving it out. I take heart and encouragement in Paul's words...

*United States*

I have a couple of your books and often view the articles published on your site; your ministry is very much appreciated and I trust you will know the Lord's continued blessing upon it.

*Northern Ireland*

I received the book you sent, *The Sabbath and the Lord's Day*, it is a great book and I am reading it. I have come to know that the Sabbath was only given to the Israelites in the wilderness and not as they say since creation. Also that no day now is the Sabbath. Really has helped me a lot...

*Kenya*

Many thanks [for the pamphlet *Gunpowder, Treason and Plot*]. I know some... who are Roman Catholic enjoyed watching a big bonfire with a dummy on top of it and they did not know that the burning dummy was the Guy Fawkes who was also a Roman Catholic! I tried to explain to them about it but they were not very pleased.

*England*

Loved the book [*Jesuit Hollywood*]. Learned so much that was shocking about the olden days and current times too. How that book would not drastically change anyone's views on TV and movies is beyond me, in viewing even what they think as decent as not being so at all. Today with everyone pushing sex of all kinds (natural and unnatural), nudity, violence, etc., you would think it would be easier for preachers to stand up against it. How far the pulpits have fallen.

*United States*

What comfort for all of us who are his to know that the Lord Jesus Christ is sovereign over all things. No matter how dangerous things get we are in his hands. May he give us all the grace and patience we need to trust him as we ought. I was listening to your 1st sermon in Revelation 20 today and marveling at what the Lord has done for us by bringing us out of the errors we were in many years ago. It is pretty amazing to think that we all used to believe such nonsense as Futurism. And also to contemplate the Lord's return which it seems is even more on our minds these days. It is wonderful to consider his majesty and power over all the peoples and nations of the earth.

There are many here promoting [the bizarre teaching of the "Nephilim"]. The teaching where the demons were intimate with women on earth (Gen 6) and produced this huge and powerful race of beings that escaped the earth during the flood in flying saucers! Therefore, they still exist on the earth. They're selling books and DVDs and making a killing off of this. It's amazing that anyone would believe such a ridiculous teaching.

*United States*

We have the missionary conference running in our church this weekend. We do this around the same time each year and as part of it, our afternoon Sunday School and Bible Class also involves a missionary theme. I teach the senior part of the Bible Class (15-18 year olds) but today we joined the two classes together and had approximately 15 young people ranging from 11-18 years of age. I showed them a good part of the video [*Contending for Christ in South Africa*, by Shaun Willcock, available for free viewing on our website] and provided them with some other information and statistics (properly researched) in relation to South Africa, highlighting the fact that the mainstream media ignore or twist the truth about what is going on there, and have done so for years.

I have made them aware of your ministry and encouraged them to pray for you and your family and other believers who face the same dangers, difficulties and challenges. I appreciate that this has only been a snapshot for them but I trust that they will remember what has been said and although much can lie dormant during a youth's formative years, the truth remains the truth and may the Lord be pleased to use what has gone forth for His glory, in His perfect timing.

*Northern Ireland*

Thank you for the heart warming message on loneliness [*The Lonely Christian*, by Shaun Willcock]. What a blessing to my soul. Truly food and drink for the one longing for her family, of which some are far from the Lord, to come to the fountain that never runs dry. Longing for them to know the fellowship and joy of knowing Jesus. God is so good and I'm trusting my Savior to bring them in. They have no idea what they're missing. Truly Jesus satisfies my soul and gives me comfort despite the pain of seeing them in such a spiritual state. I long to share fellowship with them in my Savior. Maybe the time will come before I leave here. Once I'm gone His presence will overshadow all my heartache. God bless you for this message. I'm sure many hearts will benefit from this most needed word.

*United States*

This is a wonderful, encouraging article [*The Lonely Christian*]. I had tears in my eyes while reading it.... Thanks be to our Lord that we are all part of this tiny remnant. As you say, our encouragement is in Holy Writ, looking to Christ and prayer. Our lives are not our own; they belong to Him to do with as He pleases and if it's his will for us to be alone, so be it.

We are in the middle of your Rev 18 sermons and more and more the possible validity of your theory on how the Lord brings down the Great Whore is supported [see the article *Islamic Threats Against Rome in the Light of Bible Prophecy*]. I just heard that many "refugees" are pouring into Rome! It's exciting to see these things unfolding...

*United States*

Very good article [*The Lonely Christian*]. I am lonely when with my own children and their spouses. There is no love or interest in the things of God.... We live in different worlds.

*United States*

Thank you dear brother for this wonderful encouragement [the pamphlet *The Lonely Christian*]. We are well into our 70's and find ourselves with no "safe" church. "Protestant" and "Reformed" seem to be bad words now! KJV is obsolete, except for a few, very few... May the Lord continue to bless and encourage you.

*Australia*

Thank you so much for this [*The Lonely Christian*] – it resoundingly echoes in my soul and experience. I have been very pleased to pass it on to those I believe may be in the same situation and will most benefit from it. We need to encourage one another in these dark days. Thank you.

*Scotland*

Greeting from Dublin, Ireland, Brother Shaun, I just had to send you an email in response to your latest pamphlet, *The Lonely Christian*. This was so timely for us and so much of an encouragement to us. We are in very much the situation described in this pamphlet, there is no sound local church that holds to biblical truths in so many areas of our faith, we have tried to be part of them but they eventually show their hand and ask us to leave. At present we meet on the Lord's day at my home to celebrate the Lord's supper and for ministry of the Word. We hold a midweek Bible study and prayer time on Wednesday evenings. We are four saints in all, God has indeed blessed and encouraged us through His Word and from time to time a brother or two come to fellowship with us from Northern Ireland. We thank God for such and for your encouraging ministry. I have printed off copies of the last pamphlet and will give them out this evening after our meeting.

Know this brother, you are in my prayers and thoughts, Ruth 2:12.

*Republic of Ireland*

Thank you so much for this article [*The Lonely Christian*]. I have other friends, who are alone with the Lord, and try to encourage them also. You are the first Christian leader/writer that I have come across, who has acknowledged this problem. Very helpful and encouraging. May the Lord continue to bless you.

*England*
