Correspondence

November 2021

Our purpose in publishing a sampling of the correspondence we have received, in the words of Arthur W. Pink:

“...the time has again arrived for us to indicate to our loyal supporters before the Throne of Grace something of the manner and extent to which the Hearer of prayer has been pleased to grant their requests.”

“Our object in compiling this...feature is to evoke praise and thanksgiving on the part of those who are most deeply interested in this work, by quoting excerpts from some of the letters at hand telling of help and blessing received, under God...”

“Our purpose...is to evoke praise unto the Lord, that in this cloudy and dark day He is still ministering to His own, giving seed to the Sower, and then blessing the same unto the eater. We know not why the mighty God should condescend to use one so feeble and unworthy; sufficient for us that He is pleased to do so. Our longing is to be used more widely, in sending ‘portions’ to a large number of Christ’s scattered and hungry sheep. Will you not pray more definitely, dear reader, that *this* may be so; and that God will graciously fit and furnish the writer.”

Your excellent book “*Holy War*” against South Africa set out the Marxist blueprint which is now being followed by Scotland. I’ve always suspected that Rome is lurking in the background of the Scottish Independence movement. Here’s a booklet being sent out by an outfit called “Christians for Independence” - a cesspit of ecumenicism, judging by who’s involved.

Firstly: For just a little flavour the forward is by Owen Dudley Edwards who says, “As a Roman Catholic I rejoice in the Church of Scotland whose courage and vision opened its Assembly Hall on the Mound in Edinburgh to the Constitutional Convention whence came the Scottish Parliament, and which housed that Parliament in its early days. We are deeply grateful for the many people who lead Christian lives without realising that they are Christians. Jesus taught us that our greatest duties are to love God above all things, and to love our neighbours as ourselves.”

I doubt that the Scottish martyrs would have been queuing up to join.

Scotland

Well done as always regarding your articles. It is done during a remarkable year. You carried on and that is a huge tribute to your faith. We have lost our freedom and people are like in a coma and do not realize it. I pray for you and your family.

United States

Thanks Shaun [for the pamphlet *When Jesus Died*], I have so wondered over the years about the darkness God cast over the earth... Thanks for opening up my mind to see more clearly, to enter more deeply into Christ’s suffering and God’s gift of His Son for the undeserving.

The darkness makes beautiful sense. What a metaphor! What a pleasure to have the *When Jesus Died* sermon in written format.

United States

Great article [*The Pope of Rome and Noah's Flood*]. No excuse for so-called Protestants to even humanly see anything resembling the Gospel or a follower of Christ in this Pope or any Pope.

United States

Just wanted to say, what an interesting article you wrote on the latest spiritual atrocity by Rome [*Rehabilitating Judas as a Roman Catholic "Saint"*] - I'm quite stunned that they attempt to so blatantly honour Judas Iscariot, it's amazing they think they can even get away with that!... In a very ironic way, Satan is revealing himself through that institution for sure. This just proves it. It is the end times and the enemy is growing very bold but also throwing off some disguises which true ministers (such as yourself!) have seen through for centuries. I hope this awakens many more Catholics to the evil of their institution.

England

Thanks for the article [*Rehabilitating Judas as a Roman Catholic "Saint"*].... You are one of the few that understand the implications of a Vatican Jesuit. You expose it and turn on the light so people can be aware. It is everywhere.

United States

I wanted to take this occasion to let you know just how much I am being spiritually blessed by your sermon study series entitled "The Covenants". At present I have progressed to your commentaries on "The Davidic Covenant", in which you expound the text found in 2 Samuel 7:11-16, and the complementary passage found in Ps. 89, which as you say is an instructive psalm that enlarges upon it. This sermon series is an answer to heartfelt prayer that God would show me more of His ways, works, and will, and that He would strengthen and confirm me in my faith and grant unto me a "word in season" that betokens His peculiar love for my soul. (Jude 20-21)

Shaun, as you say it is quite thrilling to see how the subordinate covenants God made with Adam, Noah, Abraham and David is the very way in which He unfolds the everlasting covenant made with His Son and His seed. To be enabled by the Holy Spirit (1 Cor. 2:10) to understand the deeper spiritual meaning of these covenant engagements God entered into with these O.T. saints is truly wonderful. (Ps. 119:18)

The careful explanation you give in your exposition comparing spiritual with spiritual, is thorough and easy to follow. I now have better understanding and appreciation of the significance of these covenants for N.T. believers, and their relevance in the unfolding of the everlasting and glorious Covenant of God's grace made with His Son. One cannot but marvel and admire at the way in which God reveals His purposes; His gracious designs in the salvation of His people. What joy there is in knowing that I too am one to whom it has pleased the Lord to reveal these things. (Matt. 11:25), one who has been given the faith of Abraham, justified in Christ and reckoned righteous in the sight of God, (Rom. 4:22-25); one to whom the sure mercies of David have been given (Is. 55:3; Acts 13:34) and of which I too can sing, along with all the Lord's people –

*A debtor to mercy alone,
Of covenant mercy I sing.*

“The secret of the Lord is with them that fear Him, and unto them will He show His covenant.” (Ps. 25:14) Thank you Shaun for opening up these Scriptures to me. “And I will give you pastors according to mine own heart, which shall feed you with knowledge and understanding.” (Jer. 3:15) Know that I “esteem you highly in love for your work’s sake”. (1 Thess. 5:13)

United States

I am reading Avro Manhattan’s *Catholic Terror Today*, a real eye opener, especially of our ignorance of European history and what the Vatican has gotten away with; and is still deceiving most today that ought to know better [the church that is – and the state].

I thank the Lord for leading me to know something about these things now in belief that they are preparatory for things to come in the not too distant future. Thank you! - to you too for the good work you are doing in making these things known.

England

Please put me on your mailing list, thank you so much. I am working my way through your ebook, *The Jesuits the Secret Army of the Papacy*. Thank you for all your written material, I feel like I have struck gold. These are subjects I am totally interested in, God bless you all in SA.

Canada

I agree [with the poem, *Tirocinium, or a Review of Schools*]! Public education is not education! It is pure brain washing in order to dumb down the kids and fill their minds with garbage, plain and simple!

United States

[After reading the article *Sealing the Gates and Releasing the Gatekeepers?*] Why isn’t Benny Hinn etc... in the hospitals healing people? Oh I know there is no money in it and his staff cannot question the people first! Kenneth Copeland can change the weather while driving his private jet by rebuking it so why does he not rebuke serious hurricanes etc and make them disappear? These men and women are full of unbiblical nonsense and they do a lot of damage. Thank you for reminding me how crazed they are! May God be merciful to some of them and lead them out of charismatic foolishness!

Canada

Looking Unto Jesus by Adolph Monod is absolutely beautiful. Thank you so much for unearthing and posting this most edifying gem. It was just the balm my soul and spirit needed. Praise the Lord! It is so easy to get distracted and dismayed in this dark, sin-soaked world. As believers we must always look unto Christ Jesus. This work by Monod contains a plethora of wonderful encouragements and reminders for us (as saints) to ruminate on while we steadfastly meditate on God’s word. So awesome! Such a blessing! Thank you very much!

United States

It is just too awful to contemplate [the article *Reaction to Report on Mass Grave of Babies at Home Run by Nuns*]. I remember a lady I once spoke to years ago, a Roman Catholic, and she told me about these very facts.

England

Thank you for your article [*Reaction to Report on Mass Grave of Babies at Home Run by Nuns*]....

I know regeneration/ new birth John 3 done by God in the heart can save these lost souls, I have come to realize my only responsibility is to share the Gospel message with them; God has to change their heart... The power is in the Gospel, the whole Gospel, God's breathed out word (2 Tim 3:16). I do pray that God and Christians like you and us continue to expose the filth that oozes out of [Rome's] guise of Christianity (Eph. 5:11) and that continues to destroy souls worldwide, especially those of myriads of children. I hope I see her fall in my lifetime (Rev 18&19:1-8). Thank you again, I hope many Christians will read your article(s) about the evil Church of Rome...

Canada

Enjoying reading your pamphlets, especially the ones on Romanism and *The Term 'Protestant'*. Very informative.

Canada

I will be excited to get a copy of this book [*The Prophecies of Daniel*].... I have several of your books and I value them all.

United States

We listened to your two sermons on the Sabbath last week [*Is There a "Christian Sabbath"?*]. Truly an "eye opener!" The things we missed and the Scriptures you took us through - truly amazing! God bless you and may your Ministry flourish.

Australia

Excellent [the article *Why There is Never a Case for Remaining in a False Church*]. Best ever and I wish this truth was proclaimed throughout the land.

United States

Thank you for an excellent article [*Why There is Never a Case for Remaining in a False Church*], I gave up on the Banner of Truth over twenty years past, I could see then it was speaking with a forked tongue. I have been told many times I need to worship in some church, but in this town there is not one sound organization among any of the numerous denominations, although I may stand alone I am not alone for the Lord stands with me and strengthens me. Some of the heretical doctrines that are preached sadden me beyond what I could stand if the Lord did not strengthen me, but His Promise stands sure, "The Lord will never leave us nor forsake us."

I attach an article I distribute, sadly the people seem to love totally unsound doctrine, yet the Lord knoweth them that are His, so I do not let these things worry me!

Northern Ireland

Keep going Shaun your ministry is valuable. May our Father bless you richly and get your materials out to the world.

Canada

The unraveling picks up pace - long may it continue (referring to the article *330 000 Child Victims of Predator Priests (and Nuns) in France*).

England

On the Riots in South Africa

This is such sad information [the article *South African Citizens' One-Week War*]. This world is getting evil, but the grace of God is increasing more. Let us draw near to God in prayer. We, beloved brothers and sisters in Kenya shall remember you all in prayers.

Kenya

It is sad that the communist plague is raising its ugly head in many countries of the world... Please stay safe, and our prayers are for you all. May it be GOD's will that the riots stop.

United States

We will, of course, be praying for you, the family and all the people of South Africa. Take care and God bless.

Northern Ireland

Praying much for you and God's people there! It is heartbreaking what is happening in South Africa, and I'm sure we haven't heard all that's going on.

Liberia

You are in our prayers and we trust the Lord will keep all of you safe from the wickedness going on around you.

England

My prayers are with you and your family at this most fearful and dangerous time. Upon receipt of your email I went before the Lord in prayer. God grant you strength and help in your time of need and deliver you out of all your distresses. The Lord preserve your lives from the dangers to which you are presently exposed and keep you out of harm's way. I pray if it be needful that you take flight, that the Lord will direct and guide you to safety. May the Lord be pleased to hear and answer prayer.

United States

Our prayers are with you this evening. What a tragedy to befall your beautiful country.

Northern Ireland

Thank you for your email. I have been following Shaun's ministry for a long time. I look forward to his website all the time. I am an ex-Catholic nun. I have been a Christian for about 30 years now. I will certainly be constantly praying for you in the current situation. Please keep me informed.

Australia

I hear your cry [in the article *South African Citizens' One-Week War*] and continue to remember you, your wife and two girls at a throne of grace. I believe the Almighty will prepare each of His people for what is about to come - even unto the shedding of blood. How weak and utterly helpless we are in ourselves to suffer anything against the flesh, but remembering how the martyrs of old were upheld at the end, puts iron in our bones. But nothing more so than a look at the Cross. Where our Master led, we must follow. Such a wicked day and generation and how deserving we are of His wrath. We remember that death is but the final obstacle to glory. What joy that brings to a longing soul who can say - For me to live is Christ and to die is gain. Where you are now, I don't think the rest of the world will be far behind. Men think they can live without God. God shows men exactly what that posture brings. May we stand fast in the faith and bring no dishonour to His Name or His cause even if our lives be required of us. Courage brother. And May the Most High bring to fruition your faithful witness in that place and reap a great harvest from it for His own glory.

Scotland

This was on our news here, but they did not mention the region where the riots were. We are so very sorry that you dear friends are affected and we will certainly pray specifically for this current distress. May our dear Lord keep you all safe and may these terrible times be shortened.

Australia

We are praying for all of you. We've seen videos of some of the rioting and people defending their neighborhoods. It's hard to fathom all that is going on there (and everywhere in the world right now). Our Lord is sovereign and will protect his people according to his will. No matter what happens we are safe in his care. May he give you all much grace, strength and courage in these terrible times.

United States

This was an excellent and necessary article [*South African Citizens' One-Week War*]. I actually read another thread from a man [in South Africa] today. His comments generally echo yours. His last comment was telling: I would have thought about emigrating to Europe or the US, except I am afraid they will face a similar scenario.

United States

Thank you for bringing about this excellent article [*South African Citizens' One-Week War*]! To hear your historical, yet biblical account of the literal war zone the people of South Africa had to endure is unnerving. Our hearts were so very heavy for you at that time and have been for some time now continually... praying as always brought about ever reminding thoughts of how weak we really are and how great He really is! Thank you as it was upon

you all, that you kept sharing your day to day accounts. This did help ease our minds even a little.

United States

On the COVID-19 “Plandemic”

What an excellent well written book and perfect timing [*The Year They Shut Down the World*]! The Lord is good to his people in giving us you, in expounding what we need, meat in due season as we need it!

From the beginning this whole thing seemed off to me, the numbers didn't add up, the hysteria seemed unprecedented. My thinking was God handed men over to their evil ways in their response to Covid 19. And when I asked you was this judgement from God that is what I meant. Who would have thought our whole world of people would be ripe for such propaganda in our life time? The fall seemed to have happened so quickly. And so quickly for the US!...

I like all you expressed in your book... you went into detail on Jesuit involvement and how Fauci and his side kick were so clearly used to deceive the masses.... I especially like chapter 8 as it sets such practical instruction filled with scripture verses as to how we must live under such tyranny. I wrote down all the verses to have as reference in time of uncertainly of mind and spirit should that moment arise. The scriptures never go void, our peaceful place to always reside comfortably under the wings of our Almighty God.

And your last words are of great encouragement!

United States

Just wanted to say again how much I appreciate your articles and the donation is because 'the labourer is worthy of his hire', Luke 10:7. I haven't even read it yet but looking intensely forward to it - no matter how greatly solemn the subject is...

I do not think taking the government (in Scotland) to court is a good idea. It is not what people gave their money to the church for and it makes the commandment of God subservient to the laws of men. What if they lose the case. Will they obey and keep their churches closed, or will they ignore the outcome and defy the law. It seems they have left their ministry in the hands of evil, godless men.

Surely better by far to stand on God's Word and open their churches to whomsoever wish to attend, and to bear the consequences of their actions - like Pastor Coates in Canada. Would that not be more God-honouring. Perhaps too few are prepared to spend time on the Bass Rock or its equivalent today. Too many at ease in Zion. Too many counted the cost of entering the ministry, but their maths failed them and they reckoned the cost to be very little and are now scrambling for their clerical calculators.

Continuing to remember you and the family in prayer. May He grant us all that sufficient grace upon which we are so dependent in the days to come. He has never failed us - we must not fail Him.

'The work is great and large, and we are separated upon the wall, one far from another. In what place therefore ye hear the sound of the trumpet, resort ye thither unto us: our God shall fight for us', Neh. 4:19.

Scotland

Thank you Shaun for your lovely and informative articles. Your book *The Year They Shut Down the World* is really an "eye opener!" Your research (as always) thorough. Indeed, we have been "had" (or so they think).

Australia

I'm halfway through [the book *The Year They Shut Down the World*]... it's a great book, very well researched and I like your inclusion of the quotes as well as references. What a shocking crisis this has been - not a health crisis, a freedom crisis. Thank you for the book!
England

I finished *The Year They Shut Down the World* a few weeks ago and really enjoyed it - very interesting. We read up a lot on the pandemic response and issues with it in general, but the book really helped to cement my knowledge and also I wasn't aware of how close the Jesuits are to the American government, especially given Melinda Gates' involvement.
England

I have very recently started reading your articles about the Catholic Church mostly but I just finished reading the articles regarding the Pastors that were arrested here in Alberta, Canada and our responsibility as Christians towards the government. Yours was the clearest, most biblical I have heard. My church in a small town just bowed to all the Covid mandates and some of the congregation was so afraid, one family even not leaving their house. Our Pastor so afraid to lose his testimony here in the town? Anyways all that to say thank you.
Canada

Great article [*Pastors Arrested for COVID Violations*] and it provided proper actions for Christian groups to take in serving the Lord and not bowing to man when it comes to worshipping the Lord. Well done!
United States

On Vaccines

Thank you for your very lucid and thoughtful article on vaccinations [*Vaccines and the Christian*]. It has been a great help to me to alleviate the fears I've had over what is going on with the current crop of vaccinations doing the rounds for this virus... It's been a steady influence to get your perspective on this as, like you point out, the Internet is awash with overnight armchair experts, spouting their views as if they've been right for years and you'd be a complete ignoramus to ignore them.
England

Very good article on vaccines [*Vaccines and the Christian*]. Many go too far [in condemning them]... it was great you had Jonathan Edwards' testimony in the article. [This article] will upset some that have an unbiblical position and have made their own definition of what is sinful. Well done.
United States

I greatly valued your article on vaccines [*The COVID-19 Vaccines and the Christian*]. It made a lot of sense, and is actually how I'd been thinking for some time.... It seemed to me that most vaccines are OK, and safe, but that this Covid one, and possibly a few ones before that, may be unsafe. It seemed best to me to not take it for this disease, which doesn't need it anyway. But what would happen should vaccine passports come in for day to day life was concerning, and I didn't know how to go forward with this part. I am relieved that you explain

it won't be sinful to take. This is a great weight off my mind, as it had been troubling me a lot...

England

Wow, I love 99% of your work and writing but on vaccines you are totally out in left field. Almost every statement made in your pamphlet is wrong. Please do more research.

Country unknown (by email)

(An all-too-easy cop-out is to simply say, “You are wrong and must do more research” – by which [since they have no idea how much research we have done] they actually mean, “Do more research until you agree with *us*.” – *Shaun Willcock*)

To be forced to take this “vaccine” a literal biological agent that has now killed close to 6,000 people here in US in just over 2 months is a crime of eugenics against humanity! In my estimation it is the biblical mark of the beast, or the ground work for it! People need to be warned to avoid this! In 2019 144,000 people took the flu shot here in US!! 9 died from the shot! See the difference? Please don't encourage people to get this vaccine! It may be their death warrant!

United States

(The issues raised in this email were dealt with in our pamphlets, so that we are forced to conclude that this correspondent did not bother to read them properly. And to be crystal clear: the COVID vaccines are absolutely *not* the mark of the Beast. The very idea is ludicrous, and is a terrible distortion of God's prophetic Word which is leading many astray, and cannot be justified from Scripture. – *Shaun Willcock*)

... I started checking into what is in these vaccines. What I found was aluminum, mercury (these 2 are highly toxic to the brain), formaldehyde were in the vaccine. Covid19 vaccine has ethylene glycol (which as you know is lethal to animal and humans), then comes mRNA , I have read different articles saying we don't know for sure but this could change our DNA. I talked to a pharmacist about this mRNA and he said that's what he was concerned about and he wasn't giving these shots.

There is a lot of information that has come to my attention through research. This is the reason I'm against vaccines and it is not for religious objections. Check these: (various links given). I could add more, however if you will check these you should see why I'm against vaccines.

United States

(Again: the issues raised in this email were actually dealt with in our pamphlets! As for “a lot of information” coming to his attention through research, this could be said of virtually all who research things; but “a lot of information” does not necessarily mean *good* or *accurate* information – that is another matter entirely. The internet is awash with information; but a vast amount of it is sensationalist nonsense. Some say, “We have done a lot of research”, the implication being that although they have, we haven't. There are those who seem to assume that we will be convinced of the “error” of our ways if only we study “their” links and articles. — *Shaun Willcock*)

So you didn't answer the question, "Is it a sin to take this vaccine?" I would like to know if it's a sin to take a vaccine that has aborted baby cells in it? A vaccine that has animal DNA in it? Questions about Antichrist aside, should Christians take a vaccine that is funded by a man who is a self proclaimed Eugenecist? A man who wants to reduce ½ of the world's population? A pharmaceutical co. that uses aborted baby cells in their product? Is it a sin to put that in your body?

United States

(Once again: the issues raised in this email were dealt with in our pamphlets, *including* whether it is a sin to vaccinate or not, which reveals that this correspondent did not bother to read properly. — *Shaun Willcock*)
